ISIN: LU0250170304

A sub-fund (hereafter referred to as the fund) of NN (L)

This fund is managed by NN Investment Partners B.V.

### Objectives and Investment Policy

The fund aims to invest in companies that generate a positive social and environmental impact alongside a financial return. The fund invests in companies domiciled, listed or traded worldwide, including emerging markets. The fund may also invest directly, up to 20% of its net assets, in mainland China via Stock Connect which is the mutual market access programme through which investors can deal in selected securities. The portfolio is diversified across different impact themes, countries and sectors. We strive to add value to the fund through company analysis, engagement

and impact measurement. For financial performance comparison the MSCI AC World (Net) index is used by the Sub-Fund as a reference in the long run. This index is not used as a basis for portfolio construction. You can sell your participation in this fund on each (working) day on which the value of the units is calculated, which for this fund occurs daily. The fund does not aim to provide you with a dividend. It will reinvest all earnings.
